Integrated Logistics Enterprise = Common Operating Picture

DoD UID Policy

- **Undersecretary of Defense Memo, 29 Jul 03, Policy for Unique Identification of Tangible Items**
- **DFARS Case 2003-D081 (Modifies 48 CFR Parts 202, 204, 211, 212, 243, and 252), 30 Dec 03**
- **Army policy presently in DRAFT (comments due Jun 04)**

AMC Assessment

- **UID will not *immediately* affect current inventory**
 - **Estimated 38.5 million items on hand that must be marked or replaced with UID marked items.**
 - **Estimated value of these items: \$138 Billion**
 - **UID is affixing data to an item ... it is an enhancement...**
- **UID will not become an effective tool until such time as a sufficient population (mass) has been marked and readers purchased.**
